School Office:  
Eric Moore Road, Surulere 101014,  
Lagos, Nigeria

International Branches:  
• Europe • North America  
20<sup>th</sup> February, 2020

The Chairman  
Special Committee on Rehabilitation of Public Schools  
Alausa, Lagos State

Dear Sir,

## RE: ASSESSMENT OF REHABILITATION NEEDS OF GOVERNMENT COLLEGE LAGOS (GCL), ERIC MOORE ROAD, SURULERE

We the Old Boys of Government College Lagos (GCL) applaud Mr. Governor, Mr. Babajide Sanwo-Olu for the demonstrated determination to tackle the perennial problem of dilapidated Schools infrastructure in Lagos State. We thank Mr. Chairman and Colleagues for accepting to serve our beloved State as members of the special Committee established for this purpose and congratulate you on your well deserved appointments. We further thank Mr. Chairman for the recent visit to our Alma Mater.

### About GCL

Government College Lagos (GCL) was one of the 5 flagship model Secondary Schools established by the government of Lagos State on 23rd September 1974 (see attached Lagos State Government Public Notice dated 8<sup>th</sup> September, 1974).

Brainchild of Chief Adeniran Ogunsanya, Q.C, S.A.N., then Commissioner for Education, Government College Lagos was envisioned to rival the likes of Kings College, Lagos and Barewa College, Zaria and achieve academic excellence comparable to the highest standards anywhere in the world.

Government College Lagos thereby turned out outstanding products year in year out until institutional neglect set in and consequently deterioration in infrastructure and educational standard.

### Restoring Legacy

Government College Lagos Old Boys Association (GCL OBA) is committed to working with government to restore the lost glory of our Aima Matèr and the Legacy of her Founding Fathers. Towards this, the Association has applied for an upgrade of Government College Lagos to join the list of today's Lagos State Model Colleges/Upgraded Junior

### Executives

REG NO: CAC/M/No 49154  
TIN: 19797398-0001

Secondary Schools.

Established on a very large expanse of land on Eric Moore road, Government College Lagos has the advantage to accommodate a standard Model College with adequate educational, boarding and recreational facilities as originally intended by her Founding Fathers.

### **Rehabilitation of Existing Infrastructure**

Consequently, the rehabilitation of existing infrastructure and surrounding environment will prepare Government College Lagos for a proposed Model College take-off by September, 2020.

### **Old Boys Intervention on Rehabilitation**

With the approval of government granted last year, Old Boys this week commenced fixing of broken fences and raising of perimeter School fence to a secure height to keep out squatters and miscreants who have made our dilapidated structures an abode and center for their illegal activities.

### **School Population**

Current population of GCL Junior School is **765**, while that of GCL Senior School is **792**. A total of **1557** for both Schools.

Total combined population is however expected to rise to about **2100** by September, 2020. This is an average of **350** students per Class Set, particularly with Model College status. Presently, **JSS1**, **SSS1**, **SSS2** have achieved this average with their current Student population at **350** and above.

### **Rehabilitation Needs of a Proposed GCL Model College**

With a projected Student population of 2100 (350 per Class Set), 42 Classrooms of 50 Students each will be required to accommodate both Junior and Senior Schools. This will be an average of 7 Classes of 50 Students per Class Set for the combined Schools.

With rehabilitation of GCL Legacy Structures on Eric Moore road, there will be adequate Classrooms, Laboratories and Administrative Offices to accommodate an upgraded Government College Lagos (Junior and Senior) Model School by September, 2020.

## Structures Requiring Rehabilitation

- 1 Classroom Block
- 1 Laboratory Block
- Assembly Hall and Administrative Offices Block
- Fencing (taken up by Old Boys)

## Landscape and Environmental Needs

- Demolition and clearance of non-useful dilapidated shed structures
- Erosion and Flooding control
- Gardening and Landscaping

Thank you for your kind co-operation.

Yours sincerely,

Imran Oladapo Shitta-Bey  
President  
(0813 064 4030)

Daniel Solarin  
For: General Secretary  
(0809 510 9578)

Mr. Babajide Sanwo-Olu  
The Executive Governor of Lagos State  
Governor's Office  
Lagos State Government Secretariat, Alausa, Ikeja

Attn: The Chairman  
Special Committee on Rehabilitation of Public Schools

Dear Mr. Governor,

## RE: ASSESSMENT OF REHABILITATION NEEDS OF GOVERNMENT COLLEGE LAGOS (GCL), ERIC MOORE ROAD, SURULERE

Old Boys of Government College Lagos are grateful Sir for the establishment of a Special Committee on the Rehabilitation of Public Schools in Lagos State. Towards this, we humbly submit the following to assist in assessment of the rehabilitation needs of our Alma Mater.

### About GCL

Government College Lagos (GCL) was one of the 5 flagship model Secondary Schools established by the government of Lagos State on 23rd September 1974 (see attached Lagos State Government Public Notice dated 8<sup>th</sup> September, 1974).

Brainchild of Chief Adeniran Ogunsanya, Q.C, S.A.N., then Commissioner for Education, Government College Lagos was envisioned to rival the likes of Kings College, Lagos and Barewa College, Zaria and achieve academic excellence comparable to the highest standards anywhere in the world.

Government College Lagos thereby turned out outstanding products year in year out until institutional neglect set in and consequently deterioration in infrastructure and educational standard.

### Restoring Legacy

Government College Lagos Old Boys Association (GCL OBA) is committed to working with government to restore the lost glory of our Alma Mater and the Legacy of her Founding

### Executives

Mr. Iniran Oladapo Shitta-Bey President  
Hon. Opediwa Adeshoye 1st Vice President, Mr. Saaka Yusuf 2nd Vice President  
Mr. Edesin Uruetse General Secretary, Dr. Okelinde Samuel Sibomi Assistant General Secretary  
Mr. Ibrahim Kosaka Financial Secretary, Treasurer, Mr. Marvin Odh Public Relations Officer  
Mr. Olaniyi Oshiyemi Social Secretary, Mr. Thaddeus Dike Welfare Secretary, Mr. Adeniyi Aromolaran Immediate Past President

Fathers. Towards this, the Association applied last year for an upgrade of Government College Lagos to join the list of today's Lagos State Model Colleges/Upgraded Junior Secondary Schools. We refer to our letter Ref: GCL/OBA/LEGACY/LASG/001 dated 29<sup>th</sup> August, 2019 addressed to Mr. Governor in this regard and are thankful for the attention given so far.

Established on a very large expanse of land on Eric Moore road, Government College Lagos has the advantage to accommodate a standard Model College with adequate educational, boarding and recreational facilities as originally intended by her Founding Fathers.

### **Rehabilitation of Existing Infrastructure**

Consequently, the rehabilitation of existing infrastructure and surrounding environment will prepare Government College Lagos for a proposed Model College take-off by September, 2020.

### **Old Boys Intervention on Rehabilitation**

With the approval of government granted last year, Old Boys last week commenced fixing of broken fences and raising of perimeter School fence to a secure height to keep out squatters and miscreants who have made our dilapidated structures an abode and center for their illegal activities.

### **School Population**

Current population of GCL Junior School is **765**, while that of GCL Senior School is **792**. A total of **1557** for both Schools.

Total combined population is however expected to rise to about **2100** by September, 2020. This is an average of **350** students per Class Set, particularly with intended Model College status. Presently, **JSS1**, **SSS1**, **SSS2** have achieved this average with their current Student population at **350** and above.

### **Rehabilitation Needs of a Proposed GCL Model College**

With a projected Student population of 2100 (350 per Class Set), 42 Classrooms of 50 Students each will be required to accommodate both Junior and Senior Schools. This will be an average of 7 Classes of 50 Students per Class Set for the combined Schools.

With rehabilitation of GCL Legacy Structures on Eric Moore road, there will be adequate Classrooms, Laboratories and Administrative Offices to accommodate an upgraded Government College Lagos (Junior and Senior) Model School by September, 2020.

## Structures Requiring Rehabilitation

- 1 Classroom Block
- 1 Laboratory Block
- Assembly Hall and Administrative Offices Block
- Fencing (taken up by Old Boys)

## Landscape and Environmental Needs

- Demolition and clearance of non-useful dilapidated shed structures
- Erosion and Flood control
- Gardening and Landscaping

Thank you Sir and the entire Executive Council as we applaud your demonstrated determination to tackle the perennial problem of dilapidated Schools infrastructure and raise the standard of education in Lagos State back to one of international repute.

**Igbega eko ti di ajumose!**

Kind regards sir.

Yours sincerely,

Imran Oladapo Shitta-Bey  
President
